

I can fly.

What can you do?

Trade Mark Attorney Positions (Various) UK-Wide

Fellows and Associates are recruiting numerous Trade Mark Attorney positions across the UK at present so we thought we should consolidate them into one handy job advertisement.

Trade Mark Partner, London

Leading firm of Patent and Trade Mark Attorneys with a unique commercial strategy and significant recent growth wish to strengthen their London practice via the recruitment of a new Partner. The position will suit an Attorney seeking a firm with a business orientated structure and a well organised development strategy. The firm operates a partnership scheme that ensures that it is probable (rather than a distant pipe dream as with some firms in the current economic climate) to progress beyond the lower rungs of the ladder and at every stage have the opportunity to be involved in the running of the firm.

Trade Mark Partner, West Yorkshire

As part of a highly successful and well established Trade Mark Department you will have the opportunity to further your career with fantastic support for your client building initiatives. Given the department's profile they work with an enviable list of household and international brands and at times are as much strategic advisers as they are trademark prosecutors. As a Partner of the firm, you will benefit from a great deal of collective experience in building market profile and a great brand to hang your efforts on.

Trade Mark Attorneys, Scotland

We have a number of positions for Trade Mark Attorneys in Scotland - in particular, a Partner level (or almost Partner level) Attorney with a broad base of knowledge and a disposition for dealing with clients of all shapes and sizes. There's no need for a client following as the firm has an existing work base. We are also seeking a newly/recently qualified Trade Mark Attorney who again has previous experience working across a range of clients. This firm encourages a business orientated work ethic which means that you will be allowed to develop commercial skills as well as technical ones.

Partner or Partner Designate, Trade Marks, North West

This sensational role will allow you the freedom to shape a trade mark practice on your own business principles whilst benefiting from a comprehensive support structure. The firm will offer hierarchical seniority from the get go, recognising your experience and expertise with not only financial reward and Partnership but also the opportunity for your input to influence the management of the firm as a whole. You will enjoy networking; be comfortable tendering for new business and have the commercial know how to understand how to build a practice.

Qualified/Associate Level, Trade Mark Attorney, London

Fill a hierarchy gap in a firm that has an appropriate amount of trainees but few Trade Mark Attorneys at Associate level (meaning that partnership prospects are likely very good). The firm has an excellent profile and has an interest in IP litigation, so there may be scope beyond prosecution eventually. They encourage their Attorneys to use their own initiative and build a client base of their own.
